

TRUX ACCESSORIES FOR THE NEW SCANIA STREAMLINE

With the front protection Highway the Scania Streamline will be even safer.

The Trux complete accessory range of front protection and light bars in aluminum is now available for the Scania Streamline.

Scania's latest flagship – the Streamline – is now on the road and Trux have developed their aluminum accessories for the truck. Trux complete product range is available for the Streamline – the front protections Highway and Offroad and also the light bars X-Light, Top-Bar and Light-Bar.

With the new Streamline Scania has optimized the truck to have as low fuel consumption as possible and to compliment their effort the Trux products are delivered in aluminum for minimal weight, without compromising on the safety.

"For us, Scania trucks are one of our main customers and therefore it is vital that we can offer a complete line up of aluminum accessories for their latest truck – Streamline", says Hasse Olsson, Manager at Trux in Ljusdal Sweden.

During the autumn Trux will join Scania's "Euro 6 on Tour" touring around Sweden to showcase their aluminum accessories for the new Streamline.

Trux is the market leader in Europe of front-mounted safety and styling equipment for trucks. The company was founded in 1986. Its largest markets are Sweden, Norway and Germany. Trux AB is located in Ljusdal in the middle of Sweden and is a part of Mekanotjänst Holding AB which has a turnover of SEK 420 million.
